# Dark, dramatic and *contemporary*

## The new NEFF N50 in Graphite Grey

Open to everything, featuring the iconic Slide & Hide® oven. Now available in sophisticated dark, sleek Graphite Grey - ideal for any contemporary space.

The iconic Slide & Hide® door effortlessly slides away beneath the oven when not in use. So nothing gets in the way of your creativity.

Circo Therm® hot air technology focuses heat directly on the food being cooked, so surfaces of bakes and roasts are sealed quickly. This prevents flavour transfer, meaning you can cook on three levels at once.

With Eco Clean and Easy Clean there's no need to avoid the cleaning afterwards. The duo for easy cleaning.

With our detachable rails, you can place them right where you need them to be – top, middle or bottom – our Cliprails can be used on all levels. And the rails extend far out, so you can check your dishes without getting too much heat.

**10% OFF NEFF PURCHASES  
OF 3 OR MORE APPLIANCES  
when bought with a Crown Kitchen\***

\* Ts & Cs apply. Consumer must purchase £3,999 of Crown Imperial furniture (based on current retail price lists at time of placing order) to qualify for 10% OFF orders of 3 or more Neff Appliances. Promotion ends Friday 20th December 2024, subject to availability. We reserve the right to end the promotion at any time.

Like bottled  
water.

# JUST WITHOUT THE BOTTLE

## VITAL CAPSULE SYSTEM

Enjoy cleaner, healthier, better tasting water with the Vital Capsule Filter System. The easy change filter removes 99.9% of bacteria, 99% of viruses, 99% of microplastics, plus rust, sediments and other small particles.

Vital also helps reduce single use plastics and can save the cost of buying bottled water. Offering a choice of designs and colours plus an additional chiller option, the Vital Capsule Filter System is clearly like nothing else.

W61908N

## PRODUCT FEATURE...

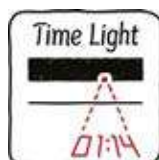

### Info Light

Projects a red light onto the floor at the front of the machine while the programme is running so you never interrupt a cycle again.

### Time Light

Projects the remaining time of the dishwasher cycle and other information onto the floor in front of your machine. Stylish, contemporary and practical, there's no risk of disrupting your wash.

## PRODUCT FEATURE...

### Gap illumination

Shines a soft white light on the side of the dishwasher to indicate the cycle is still running. If you open the door or pause the cycle, the light will start blinking.

Invented for life

# Live #LikeABosch

Our line-up of built-in appliances  
with added peace of mind.

T&Cs apply. Offer dates: 01.04.24 -31.03.25.  
Registration required. Selected models only.

**Looking for an appliance you can trust to not let you down?**

Maris Fraganite Bowl.  
Spacious, durable  
and hygienic.

# SPECTACULARLY BIG

The Maris Fraganite bowl is designed to make a big splash in any kitchen. Impressively spacious and extremely accommodating, it makes light work of larger pots, pans and baking trays. But as well as its striking size, the Maris Fraganite bowl is also exceptionally durable and hygienic.

Made from scratch-resistant Fraganite, a composite based on quartz, the material is also treated with Sanitized® to prevent the growth of germs and bacteria.

#### LEADING EDGE DESIGN

##### A PURE AND INNOVATIVE DESIGN

Leading edge product design combined with a highly technological digital soul for a sensitive integration of the product in your home and life.

Products that provide relevant information in a more human language.

Simple, pure and essential.  
A suite of products that speaks like you.

#### INTUITION AND SIMPLICITY OF USE

##### AN INTUITIVE AND DELIGHTFUL EXPERIENCE

A suite of products that provides you with the right information at the right time, step-by-step; it memorises the most frequently used programmes, automatically recalling them when needed; it learns from your routine, it makes it easy to accomplish every goal.

W-Collection extends its capabilities with 6th SENSE Live, creating a constant relation with you, adapting to your needs, keeping you connected to your home, anywhere, anytime. A smart ally for a seamless life.

#### ADVANCED PERFORMANCE

##### 6th SENSE TECHNOLOGY

At the heart of our products there's the unique 6th SENSE Technology, a set of smart sensors and intuitive functionalities that assist you all the way to outstanding results with no need to control them or to be skilled.

One powerful promise of superior user experience that starts with performance and ends with excellence, empowering those who want to achieve perfection, intuitively.

## CleanProtect Hobs

Shine you can count on:  
the easiest hob to clean on the market.

A hob that can stand the test of time, looking as good as new, even after years of frequent use, thanks to CleanProtect.

This technology shields the hob from halos & marks, 5x more resistant to chipping vs uncoated hob.

The easiest to clean\* hob using just water, saving up to 6 bottles of detergent per year.

#### HOW IT WORKS

A unique coating that protects the hob's surface. Stubborn, burnt-on food can be removed with just water. The coating also prevents halo marks and chipping over time.

### WFS1577CPNE 77cm Flex Induction Hob

**Hotpoint**

# NEW CLEAN PROTECT™ INDUCTION HOB

THE EASIEST HOB TO CLEAN\* USING JUST WATER.

The new CleanProtect coating shields the hob from halos and marks and is five times more resistant to chipping. Keeping it looking like new even after years of frequent use.

Rely on Hotpoint's hobs to help whip up delicious meals and prevent mishaps in the kitchen.

01/10/2024

\*Compared to Hotpoint's non-coated standard hobs  
\*\*Saving calculated in a period of 1 year, considering 11,4 ml of generic degreaser (equivalent to 6 sprays) used 8 times a week; bottle capacity 750 ml

## CleanProtect Hobs

**Shine you can count on:**  
**the easiest hob to clean on the market.**

A hob that can stand the test of time, looking as good as new, even after years of frequent use, thanks to CleanProtect.

This technology shields the hob from halos & marks, 5x more resistant to chipping vs uncoated hob.

The easiest to clean\* hob using just water, saving up to 6 bottles of detergent per year.

### HOW IT WORKS

A unique coating that protects the hob's surface. Stubborn, burnt-on food can be removed with just water. The coating also prevents halo marks and chipping over time.

## Just 1 push for clean laundry in only 45 minutes

New large capacity built-in washing machines can increase your laundry capacity without reconstructing the cabinet. What's more, thanks to clever Push&Go technology, simply press and hold the blue button for 2 seconds to run a 45 minute cycle at 30°C.

#### INCLUDES AN INTERNAL WATER DISPENSER AND ICE MAKER

Both the water dispenser and ice maker are located inside this integrated model, leaving an uninterrupted exterior that blends in seamlessly with surrounding cabinetry. The slimline water dispenser is flush fit in order to maximise internal storage space, with a temperature-controlled flow and an angled water delivery to reduce drips and spills.

#### EASE OF USE

Using the intuitive touch-sensitive control panel, you can easily adjust the temperature to suit. Beautiful to use, the freezer door is family safe with a soft-close mechanism.

## Cook at the right temperature just by moving the pot with VaryCook

No need to get into complicated setups, just move the pot.

When you want to get a higher or lower temperature, you just have to move your pot up or down and the power level changes automatically.

This technique, coming from the professional world, is ideal to prepare sauces to desserts.

**2 YEAR WARRANTY SUBJECT TO REGISTRATION**

## ESTEL DELUXE - NOW AVAILABLE

**INTRODUCING ESTEL DELUXE**

The Estel Deluxe range cooker embodies a classic and timeless aesthetic, blending retro and traditional elements with clean geometric lines and signature chamfered edges. Its design is inspired by utility and durability, offering a practical yet stylish option for those who value timeless functionality. The unique control dials and handles feature a chunky yet ergonomic design that enhances the nostalgic look, perfectly suited to traditional and modern kitchen design in a choice of eight colours, from pastel hues to classic neutral shades.

**PERSONALISED STYLE**

Tailored to suit any kitchen size, the Estel Deluxe comes in widths of 90cm, 100cm and 110cm, offering alternative configurations to match your cooking preferences, from the traditional offset oven cavities to the symmetrical side-by-side ovens with slow cooker and grill on top. Choose from eight classic colours – Black, Slate, Pale Cream, Heather, Bordeaux, Misty Blue, Pale Pink and Mint – along with Chrome or Brass trim finishes to create a look that's uniquely yours.

**VERSATILE COOKING**

Regardless of the width you choose, each range cooker is equipped with an impressive 80-litre multifunction oven featuring eight functions and a large-capacity grill with four height settings for true flexibility. Both have telescopic runners to make checking and removing food safer and easier. Additionally, the 110cm models also feature a second 80-litre oven while the 90cm and 100cm range cookers have a tall, fanned oven.

**EFFORTLESS CLEANING**

From catalytic side liners to the removable magnetic plinth, it has never been easier to keep your range cooker clean so you can spend more time enjoying cooking and spending time with family. The Estel Deluxe doors feature large viewing windows made from toughened glass that is easy to clean and touch-safe while cooking.

## EDGE DELUXE - NOW AVAILABLE

### CUTTING-EDGE DESIGN

Sleek and frameless, the Edge Deluxe features a striking black glass aesthetic that seamlessly integrates into contemporary kitchens. Its ubiquitous design draws inspiration from the edgeless glass doors and brushed stainless steel fascia controls found in built-in ovens, catering to those who appreciate modern aesthetics and want the multifunctionality of a traditional range cooker. Available in three sizes and two fuel types, Edge Deluxe has a timeless quality that effortlessly transitions from a statement modern appliance to the perfect culinary partner for weekday baking or celebratory birthday dinners.

### STYLE AND PERFORMANCE

The pristine lines of the glass-fronted doors and ergonomic full-width handles have been carefully considered to create a range cooker with a cutting-edge design. The Edge Deluxe empowers culinary enthusiasts to explore endless cooking possibilities with the capacious 80-litre multifunction oven equipped with eight versatile cooking functions and a large-capacity grill, as standard across all widths. Additionally, the 110cm models feature a second 80-litre oven while the 90cm and 100cm range cookers have a tall, fanned oven.

### PACKED WITH FEATURES

The Edge Deluxe 110cm model has the option of either a bread-proving drawer set on premium runners or a dedicated 27 litre slow cooker cavity. Perfect for slow cooking or warming plates, the thermostatically-controlled oven ranges from 80 to 120 degrees providing a fourth working cavity for truly flexible cooking.

### FLEXIBLE HOB COOKING

The dual fuel model boasts semi-gloss cast iron pan supports, single-handed ignition, wok cradle and a cast aluminium sit-on half smooth/half grooved griddle plate that can be placed directly on top of the pan supports when needed. The induction model has five zones and comes with our ever-popular non-stick griddle - simply bridge two zones together to make one large zone and you can cook perfectly griddled steak, vegetables and even toasted sandwiches. Plus, benefit from a range of heat settings for melting chocolate directly in the pan, rapid boil or 'hot holding' for curries and chilli.

#### EDDL90

## Dual Cook Technology

Cook two different dishes at the same time.  
Perfect for a Sunday roast.

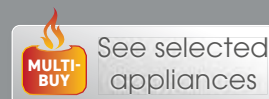

1. 25.3% energy savings based on using only the top half of the oven. Internal testing on Series 5 NV7B5675LAK, upper vs. whole compartment for small cake baking at convection 165°C (IEC-60350).
2. Feature not as standard.

**Save 25% on energy**  
by only using  
the top half<sup>1</sup>.

**Flexible door**  
Access the whole oven  
or just the top half  
without losing heat<sup>2</sup>.

Buy an **Infinite, Dual Cook Flex™** or **Dual Cook** oven and get up to **50% OFF** a compact oven and **15% off** a hob, dishwasher and built in refrigeration

01/10/2024

**50% OFF** a compact oven and  
**15% OFF** a hob, dishwasher and  
built in refrigeration

when purchased with a single oven and a Crown kitchen.\*

Terms & Conditions apply.

**25% OFF** a compact oven and **15% OFF**  
a hob, dishwasher and built in refrigeration  
when purchased with a single oven.\*\*

Terms & Conditions apply.

Terms & Conditions:

- \*1. Consumer must purchase £3,999 of Crown Imperial furniture (based on current retail price list at time of placing order) and Samsung single oven.
- \*2. Buy a Samsung Infinite, Dual Cook Flex™ or Dual Cook oven and get 50% off a Samsung compact oven and 15% off a hob, dishwasher and Samsung Built-in refrigeration.
- \*\*1. Consumer must purchase a Samsung single oven.
- \*\*2. Buy a Samsung Infinite, Dual Cook Flex™ or Dual Cook oven and get 25% off a Samsung compact oven and 15% off a hob, dishwasher and Samsung Built-in refrigeration.
3. Appliance models included in the promotion are indicated with a multi-buy symbol.
4. Promotion ends Friday 20th December 2024.
5. We reserve the right to end the promotion at any time.

# Flexible design for every kitchen taste

Whatever the size of your kitchen, it should offer an exciting, fresh aesthetic as well as cool functionality. The hood is no exception, that's why Franke has created Maris Modular which also serves as a storage solution, and can effortlessly adapt to any kitchen space for maximum convenience and beauty.

## Tailor made solution

Thanks to individual 60cm modules that allow you to simply install the central module on your wall as well as additional shelving modules on one or both sides, you can create a desired solution according to your space.

## More storage space

In addition to bringing a contemporary flair to your kitchen, open smoke-grey glass shelves with Matt Black frames provide additional storage space and eliminate the need for cabinets.

## The lighting you need

The flush LED bar with touch control and dimmer function provides excellent illumination for the worktop when cooking and a soft light when the moment calls for a cosy atmosphere.

## Powerful and versatile

Maris Modular can be installed in both extraction and recycling mode to suit your ventilation preferences and kitchen setup, delivering exceptional performance up to 720 m³/h in intensive mode.
